

heatflow.fellowship program

Does a fellow need a German bank account for reimbursement processes?

No, its not mandatory.

However, please take into account that the fellowships are granted under EU/German travel reimbursement law. The GFZ is organizing the administrative process. **If GFZ is not possible to connect to your bank, we cannot reimburse your travel costs.** Your bank institute at least should provide SWIFT information, like:

- US Bank
- Country: USA
- Account holder name
- Account number: 1234XXXXXXXX
- SWIFT NUMBER: USABCD33ABC
- ROUTING NUMBER: 123456789

If your bank institute is located in Europe, [IBAN](#), BIC and account holder name are sufficient.

Unique solution ID: #1003
